Youth To The  
Creator  
Through Their  
Creativity

DETROIT  
**UNLEASHED**

## A Lifestyle AFTER SCHOOL PROGRAM

Serving Kids 4th-8th Grade

We envision youth across the city transformed to become ambassadors of holistic change in the world around them.

We believe in the youth of Detroit and the impactful futures they possess so we are invested in their care.

## About Us

We use the arts to unleash the creativity inside of each child that we serve. Our curriculum is Biblically based and taught by leaders who care. We offer arts that have the potential to turn into trades that could serve as a primary or secondary source of income.

We use the time wisely to help them to develop core values for a lifestyle that lasts for a lifetime.

We are not just a program, we build relationships and leaders who come back and give back. We are a fresh approach to after school. Creating a physical, mental and emotional safe spaces for our kids and we want you to be a part of our vision.
